

## PETERSBURG FACTORY TO BE REBUILT AT ONCE

It Is Said Company Will Replace Big Industry Destroyed by Spectacular Fire.

### CITY'S WORST BLAZE THIS YEAR

Three Additional Policemen Elected by Commission Under Authority Granted by Council and Provided For in Budget—Negro Is Shot.

(Special to The Times-Dispatch.)

PETERSBURG, Va., July 8.—The plant of the Virginia Lumber and Box Company, which was practically destroyed by fire last night, was one of the largest of its kind in the State. It was rushed with business, and gave employment to a large number of hands. Its machinery was of the best kind. There was a large stock of finished and raw material on hand. The loss, which approximates \$100,000, is practically covered by insurance. The company, it is said, will rebuild at once. The Norfolk and Western Railway Company lost ten freight cars loaded with lumber in the plant's yard. This was the most serious fire that has occurred in Petersburg this year.

**Died at the Almshouse.**  
M. L. Fuller, of New York, a blacksmith by trade, who had been residing and employed in Petersburg for some time, died last night at the City Almshouse, where he had been recently cared for. He was fifty-nine years old, and by those who knew him to have been a man of good character. So far as is known he has no relatives. He was given a Christian burial this afternoon. P. W. Read, of St. John's Episcopal Church, conducted the services.

### New Policemen Elected.

Under authority granted by the Council, and provided for in this year's city budget, the Police Commissioners last night elected three additional policemen—James I. Stewart, Cary Eanes and C. E. King, and two probationers—A. F. Cameron and F. E. Perkins. There is a vacancy on the board of commissioners, caused by the failure of W. G. Andrews, elected as a member last month, to qualify in the time required by law. He was a day late in qualifying and will have to be re-elected.

### Negro Shot.

Thomas Jefferson, negro, was shot twice last night by an unknown negro, with whom he had some trouble in Plum Street. Jefferson received two bullets in the leg, and his assailant escaped. No one knows who he is.

### Difficulty Between Firemen.

A personal difficulty occurred yesterday between Captain Miller, of the Halifax Street fire station, and Harry Williams, driver of the engine at that station. The trouble is alleged to have grown out of the suspension of Mr. Williams by Captain Miller. Both show physical evidence of the trouble, and the matter is to be investigated in court.

The woman took the ring to another negro woman in Roanoke, who pawned it for her with a Roanoke broker. When the police traced the ring it had been sent to New York for remounting, but it had been since restored to its rightful owner.

### CALVES SELECT HISTORIC SPOT TO COMMIT SUICIDE

(Special to The Times-Dispatch.)  
LYNCHBURG, VA., July 8.—The old saying, "give a calf plenty of rope and he will hang himself" was proven today or two ago at Natural Bridge. When a herd of nine small calves were turned out on the famous estate to graze. Unaccustomed to so unlimited freedom, one of the calves began to run. It made a straight track for the bridge and fell over into the gorge. The other eight followed in the wake of the leader and four of them were killed. Five were practically unhurt, despite the fall.

### INQUEST POSTPONED

Coroner Bright Seeks New Witnesses in Lakeside Mystery.

In order to hear from Dick Childress, who according to statements made yesterday by Bernard Trent, colored, has said that he found the Lakeside boat in which Joseph Krantzky committed suicide or was murdered, lying on the shore a short distance from the boat-house, the coroner's inquest into Krantzky's death was postponed yesterday to to-morrow at 12 o'clock. Trent had previously testified that he found the boat drifting near the dam. The sword-cut to which the chain fastens it to the shore had been whittled away, showing that some one had gone to an exceeding amount of labor to break it from its moorings. No motive for murder has yet been established, and the suicide theory is still generally maintained. However, in order that no stone might be left unturned to bring about exact determination, Coroner J. Palmer Bright decided to postpone the inquest until he could hear from Childress.

### HUSTINGS CONVICTIONS

Henry Holt and Baron Tucker Get Year Each for Malicious Wounding.

Henry Holt, indicted by the grand jury on the charge of malicious wounding, was found guilty in the Hustings Court yesterday and sentenced by the jury to serve one year in the penitentiary. Baron Tucker was given one year in the penitentiary upon conviction on the charge of malicious wounding.

### FRESH AIR CAMP

Salvation Army Calls for Funds to Carry on Summer Work.

The Fresh-Air Camp at Drewry's Bluff, provided by the Salvation Army for the poorer mothers and children of the city, is taxed to its utmost capacity, and because of the lack of space, many applicants have been turned away during the last week. Sixty mothers and children are now being cared for at the camp, and with the present accommodations, no more can be taken in at any one time. It is planned to give 700 the advantages of the camp during the summer. This charity work is a big undertaking for the Army, and would be impossible of accomplishment were it not for the generosity of Mrs. Mary Danner, the secretary, who, at her own expense, put up an additional building at the camp. Sleeping quarters for the boys are still needed, but limited funds will not allow any more expenditure. Treasurer P. E. W. Goodwin will receive donations, however small, for this week.

Magistrate H. S. Sunday, of Henrico County, fined Moore \$25 and costs and sent him to jail for thirty days on the technical charge of trespassing on the property of the Chesapeake and Ohio Railroad, and it is understood that, at the expiration of his term, other charges will be preferred against him. The girl seems to be sixteen or seventeen years old.

# Resinol

cleared away every pimple!

At least once a day—usually twice—I bathed my face for several minutes with plenty of Resinol Soap and hot water and applied a little Resinol Ointment very gently. I let this stay on for ten minutes or so, then washed it off with Resinol Soap and more hot water, finishing with a dash of cold water to close the pores. I was astonished how quickly the healing Resinol medication soothed and cleansed the pores, and left my complexion clear, velvety, and free from pimples.

Physicians have also used Resinol Ointment and Resinol Soap for 20 years in the treatment of itching, burning skin-eruptions. Sold by all druggists; for trial free, write to Dept. 18-5, Resinol, Baltimore, Md.
